

Forthcoming October Events

Scottish Motor Racing Club – October 4th – Knockhill Race Circuit

The next event for SMRC is the final race meeting of the 2015 Season. Should be a programme packed full of action as competitors are entered across the 7 Championships and joining the grids at this meeting will be some new drivers never entered before. This has been a feature of the whole season as we continue to encourage drivers to get involved and come racing with SMRC. Some of the Championships have been decided but there are still some final positions and silverware to be fought over!

OCTOBER 4th SPRINT AT KAMES

With over 70 entries, the final speed competition on the Scottish Motorsport calendar takes place this Sunday (Oct 4th) at Kames Motorsport Complex, Muirkirk when East Ayrshire Car Club hosts the final round of the Cross Border Speed Championship. This series of competitions has taken competitors from the North of England and the lower half of Scotland to tracks as far apart as Callander and Scarborough and the climax of the Championship is certain to provide a keen but friendly Scotland versus England rivalry.

The racing will involve cars ranging from road-going saloons through to singleseater racing cars whose drivers will be eager for some last-minute action before the long close season. Over sixty entries have been received for the meeting, unusually high for this time of year.

A special incentive to spectators will be free admission to any car and passengers showing the official programme from the recent Creative Classics Car Show at Kames on 2nd August. Practice starts at 9.30 a.m. with the competition runs beginning around 1 p.m.

McRae Rally - CANCELLED

Colin McRae Forest Stages Rally, October 3-4, 2015

It is with deep regret that Coltness Car Club has announced the cancellation of the 2015 Colin McRae Forest Stages Rally which was scheduled to run in Perthshire on the weekend of the 3rd/4th October.

The number of entries received for this final round of the ARR Craib MSA Scottish Rally Championship fell far short of the break-even point and as an amateur organisation, the club was faced with a financial shortfall which would have been unmanageable.

Club chairman Jim Brown said: "It was a difficult decision, and yet an easy decision, as we didn't have any choice. It all boiled down to a simple question of economics, not enough paid entries had been received to make the event viable which would have incurred heavy and unaffordable losses for the club."

"It's a great pity, months of plans, intense work and preparation by a small band of dedicated enthusiasts have gone unfulfilled. And it's not just our club, rally clubs across Scotland have faced difficult decisions this past year."

"At the end of the day we really had no choice. Coltness Car Club is an amateur organisation and if an event does not pay its way then it simply cannot be run."

He concluded: "It's a great pity, it's not just the competitors who will lose out, or the championship, but all those spectators and rally fans who will be denied the chance to see and cheer their heroes on the final round of this national championship competition. The club would also like to apologise to all those affected by this unavoidable decision."

Note: The previous round, and penultimate event, in the original eight round 2015 Scottish Rally Championship scheduled to run on the 5th of September was also cancelled. That means this year's competition will be decided over the six rounds which have already taken place.

The Scottish Rally Championship are hosting a discussion on Saturday 3rd October in Perth at 2pm details have been emailed to registered competitors – if you wish any information contact susanshanks@srcweb.co.uk

SACC Autotest Challenge

Glenrothes Motorsport Club are holding the SACC challenge Autotest at Knockhill on Sunday November 08th, the aim of the event is to encourage the best autotest drivers from each club in the SACC to compete individually to win the coveted trophy.

There does not appear to be any date clashes with any other autotests on that day, so we hope for some good support from the clubs to make it a great event.

It will be made up of 5 **ALL Forward Tests**

Alongside the Clubman event we are running a PCA for the less experienced drivers and hopefully some Juniors.
