

## Stage Rally Coordinator's Report June 2013

Lock,

Despite my best efforts this evening, I've only just finished work and that makes it impossible for me to attend tonight, my apologies. Both for myself and SRC Car Club.

I'm competing in Kershope forest at late notice this weekend and have had to rejig work around not being in on Friday/Sat, hence the late finish.

SRC registrations are remarkably almost identical to 2012, with 96 (97) drivers and 74 co-drivers. Registration closes at the Scottish next weekend,

Good entries for both recent events, Granite and Jim Clark Reivers, both of which ran well with no delays, a fine achievement particularly for Border Ecosse and Berwick at Duns.

STRC events continue to attract very healthy numbers, the policy of restricting entry levels seems to pay off in terms of getting the entries in earlier and ensuring the organisers know what to cater for.

We must also recognise the fantastic level of interest in the Junior 1000 series with 18 starters at Crail on Saturday.

If only we could attract marshals in similar proportions!

SRC continues to urge its event organisers to support one another by providing marshals but this is not always reflected in the turnout, particularly noticeable over Jim Clark weekend. This will once again be raised at the next General Committee meeting.

First of two programmes covering SRC will be shown on BBC2 on Sunday evening, 14th July, hopefully just after the British Open finishes!

Dave Robson.
