

Newsletter/Updates

SACC October update circulated

SACC November Newsletter published 04/11/2015

Newsletter emailed to mailing list and also uploaded to ISSUU an online publication page.

Thank You to all contributors.

The next Newsletter will be published mid-end December with deadline 15th December. There after it is planned for February so all information up to that point is required.

It has become apparent when searching for information some club pages is out of date with respect to forthcoming and past events. I realise how difficult it can be to keep pages fresh but it is one of the main sources your club has for members and potential spectators/marshals/competitors to know what is going on with your event.

Additional Information

The mailing list is currently my main source of sending information it currently has just over 200 contacts. If you can please ask around your club if any additional members wish to be added to the mailing list and also visit the SACC website to ensure your club key info form is updated as required.

Social Media

Encourage as many clubs to circulate information on the SACC Facebook and Twitter and also to follow the page.

Thank You
